34th NEWFOUNDLAND INTERNATIONAL MEETING PISA, MAY 14th-15th-16th 2016

Dear Newfoundland's Friends,

On the 14th, 15th and 16th of May, the Green Park - Calcinaia (PI) will host the 34th Newfoundland International Meeting, an European event which takes place annually, alternately organized by one of the four nations hosts: France, Germany, Switzerland and Italy.

Over the years, the Meeting saw the involvement of many groups, both Italian and Foreigners, with an average attendance of about 150 dogs / 250 persons. The participants come mainly from European countries, lesser, but meaningful, has been the presence of the United States and unique, but valuable, that of Russia.

The Glaf has attended this event for nearly thirty years, honored of being three times its organizer: in 1996, 2000 and 2008.

The Meeting is a time of sharing, with significant exchanges of experiences, methods, opinions and memories, we come across old friends, we meet new ones.

It's a three days event:

On Saturday we are going to see on-land work demonstrations, during which each group will present its own choreography and conduct/obedience performances;

Sunday is dedicated to in-water work demonstrations and, in the evening, to the gala dinner with the delivery of participation certificates and gifts;

On Monday the event ends with the Closing Ceremony and Trophy's Handing Over to the 2017 Organizing Group.
